## Policy Statement

Tarion is committed to providing quality goods and services that are accessible to all persons that we serve and in a manner that:

- Respects the dignity and independence of each individual;
- Integrates each individual as fully as practicable into the method of service delivery;
- Ensures an equal opportunity for each individual to obtain and use our goods and services; and,
- Allows all persons to benefit from the same services, in the same place, and in a similar way.

We strive to ensure that service provision is equitable for all persons. This may mean treating people differently in order to ensure that everyone has the accommodation they need to navigate Tarion processes successfully.

By considering these principles when developing and implementing policies, practices, and procedures, accessibility planning becomes entrenched with the decision making process and satisfies the spirit with which the *Accessibility for Ontarians with Disabilities Act, 2005* was enacted.
