An illustration of a man with short dark hair, wearing a blue polo shirt with the Tarion logo on the chest. He is pointing his right index finger towards the QR code. The background behind him is a blurred image of a modern building with large windows and some greenery.

TARION

Why register your new home purchase?

All freehold home buyers in Ontario should register within 45 days of signing their purchase agreement.

This helps Tarion:

- ✓ ensure your builder is acting legally
- ✓ take steps to protect consumers if illegal sales are identified
- ✓ provide you critical information about your warranty

A home is one of life's biggest purchases. You owe it to yourself to protect your investment.

We're here to help.

**Register at
[Tarion.com/RegisterToday](https://www.tarion.com/register)**

In Ontario, newly built homes come with a warranty provided by the builder and supported by Tarion, an independent consumer protection organization created by the provincial government. Our role is to ensure that Ontario's new home buyers receive the coverage and protection they're entitled to under their warranty.
